

# CLOSE RELATIONSHIPS. BETTER SERVICE.

**We offer the industry's largest light, medium, or heavy-duty towing, short or long distance network. Because our providers are our partners, our customers benefit from dedicated specialists, better service, and lower rates.**

Our managed towing services result in significant savings. We carefully select service providers and audit invoices to ensure customers benefit from contractual pricing. We assist with towing needs like:

- Pull starts
- Light, medium, and heavy-duty towing
- Drop-deck and lowboy support
- Equipment repositioning
- Securing driver abandoned equipment
- Secure storage
- Secondary towing after accidents

When you call TTN Fleet Solutions for towing assistance, we'll dispatch a local provider near your driver. We'll provide you and your driver with vendor information, an ETA, and a reliable estimate of price.

Next, we'll track progress and keep you and your driver apprised of any updates. You may also choose to follow updates on our online portal.

Our team can also assist with police or other non-consensual tow services. We can handle complex tows, too, with specialty equipment like RGNs, flatbeds, drop-deck trailers, and more.

**Get better, faster service and lower rates. To learn more or to establish an account, call 1.800.825.4138.**
